FROM: Gary F. Kulibert

SUBJECT: Lehrer Landfill - Order # 2A-74-1045

An order was issued to Mr. Jim Lehrer requiring him to submit preliminary plans to our Department by December 19, 1975. These plans were not submitted - however, a letter requesting an extension was received from the consultant. A meeting is being set up on March 1, 1976, to discuss what work has been done and what is needed. At that time the District will make a recommendation concerning the referral or extension of these orders.
